EMBOSSING MACHINES

Ideal embosses are designed to create a clean, crisp impression in most types of paper which is non reproducible. This is ideal for purpose documents such as certificates, awards, etc.

Impressions can be round (41mm or 51mm) or rectangular (25mm x 51mm)

Text plates are designed to the customers specifications.

As these plates are manufactured by a third party prices will be quoted upon application.

Call, fax or email Peter for further information.
